

COTOPAXI SUPERINTENDENT REPORT

Report to the Board of Education

November 9, 2020

MISSION STATEMENT

Fremont School District RE-3 is committed to helping students acquire the knowledge, attitudes, and skills necessary to become healthy, happy, safe and productive adults; to help students become enthusiastic, life-long learners who are able to manage change; and to help students perpetuate the democratic process and have a positive impact on their communities, their country and the world in a safe school environment.

VISION STATEMENT

To see students demonstrate the knowledge, work ethics, and practical skills necessary to become productive, responsible adults in a global society, to see students become enthusiastic, life-long learners who participate in the democratic process

CORE VALUES

Integrity, Respect, Continuous Improvement, Accountability

APPROVAL ITEMS:

- A. Approve the Preliminary Financial Audit submitted by Hinkle & Company.
 - This Financial audit is a yearly requirement by law. Through a submission process, Hinkle & Company won the annual bid. It encompasses the 2019-2020 Fiscal Year.
 - Amber Canterbury has been working diligently to complete all the steps of the audit utilizing the information designated by Cathy Emig.
 - Mr. Chris Parker will be in attendance at our Monday Board Meeting to present the initial findings and draft for review.
 - Please see the attached document as submitted.

- B. Approve the December Staff Budget Item per 24-6-402 (4)(3)
 - Each year, depending upon financial status, we look to provide a small yearly bonus or incentive to staff. Once again, as everyone worked together, mindful of expenses as well as all the unique requirements & effort this year, we are proposing the same amounts as last year. (\$200.00 for full time employees; \$100.00 for half time employees)
 - We cannot always or may not be able to offer these in the future however we are excited to be able to do so again this year.
 - Please let me know if you have any questions.

- C. Approve the District Accountability Committee Membership as presented. Due to all the different structures and challenges this year, we are a little late in sending names forward for our District Accountability Committee for which I apologize. This group is an critical component of our district and members have always done an outstanding job representing our community, support our staff & students as well as ensuring accountability across the district. Several members may have served previously however several new faces may also be part of the group.
 - a. The document with membership details is attached.

- D. Approve the hire of Ms. Amber Canterbury as Middle School Girls Basketball Coach for the 2020-2021 School year.
- A committee reviewed all applications and conducted interviews and reference checks according to district procedures. We had three strong candidates for the position which is wonderful. At the end of the process, the team was excited to bring forth Ms. Amber Canterbury as their recommendation of hire.
 - Flexibility of her position allows for movement and thus will not interfere with her ability to effectively manage her HR/Business position along with coaching the middle school team.
 - If you have any questions, please do not hesitate to contact either Mr. Eckelberry or Mr. Thornton with questions.
- E. Approve the hire of Mr. Ryan Christensen within our transportation department as a full time route driver for the 2020-2021 School year.
- Ryan has been a substitute driver within our transportation department, beginning his third year in this position. With the recent opening, he has submitted his application for a full time route driver and Mr. Eggleston was pleased to submit his recommendation of hire. We are confident that Mr. Christensen will be a strong member of the team.
 - His classroom and student/instructional responsibilities will always take priority with the addition of this new post. Guidelines were required due to his nonexempt employee status.
 - Please let either Mr. Eggleston or I know if you have any questions.
- F. Approve the use of a full day for Elementary & designated staff on October 26, 2020 due to weather conditions. All junior high and high school students & designated staff completed remote instruction.
- Elementary required minutes is less than secondary so this was a great practice setting for our secondary. In future, we will look to provide instruction remotely for all students when feasible to reduce the number of make-up days/hours.
 - An informational letter will be sent home for elementary families to highlight the process and expectation for these students.
 - Secondary students completed instruction this day with strong results and positive feedback. With the expectation of this transition, students and staff had already practiced utilizing the system within focused mini-lessons supported by our IT staff Mr. Mike Brown and Mr. Tom Lang.
 - Thank you to all the parents and students that allowed for such a smooth transition.
 - We will still need to evolve our systems in order to better support all students, however we showed solid improvement and good results for this first remote learning day.
 - The goal will be to transition to remote instruction during all weather closures, when available.
 - Based upon various situation, it may be necessary for a full closure of the district without remote/online instruction. One example of this would be due to internet connectivity.
 - Communication regarding expectations will be clear when announcements of closures are determined. We send out messages from our all-call, post them to our website and Facebook along with notification to the media outlets.
 - All staff will be expected to work either remotely or on campus during these windows of time.

INFORMATIONAL ITEMS:

**All informational items will be addressed under the four guiding goals of the District Strategic Plan. Items could be classified under more than one goals however they will be highlighted only under one. As a reminder, this is a working document and will continue to evolve.

***We are still within a state of change and updates from the Colorado Department of Education, the Governor's Office, Colorado Department of Public Health and Environment, Fremont Health and Environment along with various State agencies so many items continue to evolve. Updates will continue to be provided when received.

DISTRICT GOAL (1) *Maintain High Achievement Levels*

- Return to School Updates. To date we continue to be excited to share that here at Cotopaxi Schools we have had NO POSITIVE COVID cases. Although we know it is only a matter of time, each day and week provides a sense of accomplishments for the processes and procedures we have in place keeping our students and staff in school and safe. When the time arrives and a positive case impacts our district; we will initiate our plan, complete our contact tracing and move cohorts as determined. It will be a small disruption however we will continue moving forward with solid instruction whether remotely or in-person. Our goal remains to provide in-person learning to all students when possible.
 - ◆ Nurse Debbie and Ken Eckelberry are working to modify the presentation of our plan to allow for easier access. It will be shared once finalized.
 - ◆ The district is following recommended guidelines and has been working closely with our Fremont Public Health Department.
 - When a positive case is determined, Communication will occur through collaboration with our health department. An Announcement will be made however only those directly impacted will receive direct contact.
 - ◆ Please never hesitate to reach out to the office or Nurse Debbie with any questions or concerns. Our main line is (719) 942-4131.
- 2020 College Success Award: Cotopaxi RE-3 School District has been recognized by GreatSchools.org which is exciting news. This organization recognizes public high schools that are doing a great job preparing students for college, college-level courses and life beyond high school. Using data submitted by the State, they base their decision on school-level college preparation and post-secondary data.
 - ◆ This is a combined effort of all staff, at all levels, working with our students preparing them for each level of their education.
 - ◆ Excellent work and Congratulations to the students and staff at Cotopaxi! Way to Go.
- Carnegie Mellon University (CMU) Computer Science Academy's Fall Creative Task Challenge: We had two students, Peter Belt and Simon Bertolino received an 'Honorable Mention' for their participation in this competition. They had over 200 submissions and our students scored in the top 4% of the work submitted. Congrats to both Peter and Simon for their outstanding efforts in our first time entrance to this challenge.
 - ◆ A thanks to Tom Lang for organizing and assisting our students to become involved in this event. It is a great opportunity for our students.
- Fremont Collaborative receives \$20,000 Planning and Design Grant: A press release was published on the work of the Fremont Collaborative between Fremont RE-1 (Canon City), Fremont RE-2 (Florence/Penrose), Fremont RE-3 (Cotopaxi) and Pueblo Community College as we work to establish an innovation zone. The grant offered through the Gates Foundation provides assistance to organizations seeking to apply for Governor Polis' RISE (Response, Innovation, and Student Equity) Education grant which is set-aside money CARES stimulus funding to the State of Colorado. The total set-aside equals \$32 million.
 - ◆ The RISE Grant is due December 19, 2020 and we are on target to apply for funding.
 - ◆ Over the past year, our group has been working towards a multi-district collaborative set to reinvent the way a region works together to cooperatively utilize resources to provide an outstanding educational experience for rural students.

- We are working to expand opportunities for all students, across Fremont County by offering them access to robust college and career pathways through support of each district's strengths and teamwork.
 - The guiding concept behind the project is to multiply the options by intentionally building programs that lead to increased job creation and entrepreneurship.
 - ◆ We are considering a wide range of potential pathways to meet student interest, local needs and possibilities including P-Tech, Agriculture, Medical, etc.
 - ◆ We have submitted and received a verbal recognition as we attempt to be the first region (versus school or district) to be able to submit one P-Tech (Computer Information Science, Automotive, Technology and Fire Science) application. Canon City has offered this program in the past and it has been a strong program for their students.
 - If you have any questions, again please do not hesitate to reach out to us.
- Annual Financial Audit: The draft document has been complete and enclosed with this board packet. Our representative, Chris Parker will be presenting the information to the Board on Monday.
- ◆ We continue to be fiscally responsible and that is reflected within our data.

DISTRICT GOAL (2) *Integrate Current Technology in the Education Process*

- Online/Remote Equipment: As staff and students continue to utilize the systems developed for remote and online learning, positive and successful accounts have been shared. We do still continue to identify and learn throughout the experience and by doing so, we are becoming stronger.
- ◆ All classrooms have new equipment and tools to assist in this new format of teaching. Yet we consistently evaluate what is working and areas of need so that growth continues for our profession and support of students.
 - ◆ We welcome all feedback so please let us know your thoughts.
- Apptegy: We are currently transitioning our systems and completing training on the Thrillshare platform within the Apptegy system. Initial designs are underway and a conversion of our information is currently being transferred.
- ◆ We are looking for a December implementation of the system.
 - ◆ Communication and training tools will be pushed out to all staff and parents in various stages.
 - I continue to be very excited about this tool and the more we explore and navigate the system, I am confident our community will be excited also.
- Aptafund and AAWeb Implementation Update: The process is moving along well and we completed our first purchase order or requisition in the system on November 3rd without any major issue. As we work to transition, we are recognizing line items and necessary additions that will make the system stronger. This will create a different look and potential challenge when our audit arrives next year, however we are tracking and recording the process to assist our auditors next year.
- ◆ If you have any questions, please do not hesitate to reach out to Amber or myself. We would be happy to assist you.

DISTRICT GOAL (3) *Identify and Prioritize Safety Issues*

- School Safety Drills: Safety is a top priority and practicing assists in developing strong habits in case of an emergency situation. Legal requirements require a fire drill the first 10 days of school and once a month throughout the school year. 2-3 of these drills can be replaced with other required safety practices/drills. A log of each drill is maintained as a point of record and available for our annual inspections.

- ◆ Our drills include: Fire Drills, Lockdown, Lockout, Hold in Class, Evacuation, Reunification, Tornado,
 - We, along with the majority of districts and Emergency Response Teams utilize the resources found at iloveyouguys.org. If you have time, please check out their website for valuable resources.
 - I have included a couple of informational sheets for your review.
 - ◆ Please let me know if you have any questions or comments.
- Roof Repair: Unfortunately, as we have highlighted, several of our roofs are in need of immediate repair. As approved last month, the roofing company should be out this week to correct the issues over the main office and middle school entrance area.
 - ◆ We will continue to prioritize and move forward with corrective action as needed.
- Filtration System: We received and they are moving forward with the electrical work on the Water Filtration System updates. That will be followed by the ground and concrete work in preparation for Innovative Water Technologies. I will continue to keep everyone posted as progress continues on this project.
 - ◆ As we are out of compliance, which we knew, we do have to post our public notice. That notice has been posted as required. If you have questions on the posting, please let me know.
 - ◆ Our anticipated completion date remains December 2020.

DISTRICT GOAL (4) *Develop and Encourage School and Community Relationships*

- Conversations with the Superintendent; Town Hall Forum. A big ‘thank you’ to everyone that was able to join our monthly discussions connecting the school with community. This past month featured Mrs. Debbie Eggleston or Nurse Debbie as one of our main speakers providing valuable updates on our COVID guidelines, processes and collaboration.
 - ◆ Our next meeting is scheduled for November 17th at 6 pm. Please stay tuned for the agenda and zoom link to join our next session.
 - ◆ New released guidelines have been posted to our website for your information and ease of access.
 - As always, if you have any questions, please reach out to the school and/or Nurse Debbie at 719-942-4131 or deggleston@cotopaxire3.org.
- Free COVID Testing provided through Fremont Public Health.
 - ◆ On Sunday, October 25th and Sunday, November 1st Fremont Public Health contracted with the MAKO testing lab out of Pueblo to offer supports for our community. We hosted the mobile testing facility at our high school both Sundays. Kayla Marler, the Director of Fremont Public Health is continuing to push for additional services and if awarded, she will contact us with updates.
 - Everyone was welcome and I know many from our community took advantage of this opportunity. Thank you to Fremont Public Health.
- Free Food Distribution provided by My Neighbors Cupboard and sponsored by the Lion’s Club and Cotopaxi Schools.
 - ◆ We are excited to be able to once again announce and share that My Neighbors Cupboard has scheduled their next food distribution. It is scheduled for Saturday, November 7, 2020. However the location this month has been changed. The food distribution will be held at the Howard Volunteer Fire Department so please spread the news.
 - ◆ If you need a copy of the flyer, please let us know. We want to see a wonderful turnout once again and encourage everyone to take advantage of the amazing resource.
 - Please refer to the flyer posted on our website for additional information.

- Upcoming Committee Events & Activities: Within the month of November
- ◆ Fremont County Collaborative Meetings (11/2, 11/16 & 11/30)
 - ◆ Apptegy Training sessions (11/2, 11/9 & two additional dates as determined)
 - ◆ 360 Feedback call re: SCBOCES Evaluation (11/3)
 - ◆ SCBOCES SAC (Superintendent Advisory Committee) meeting (11/4)
 - ◆ Rural Alliance Advocacy calls (11/4, 11/11, 11/18, 11/24)
 - ◆ Early Literacy Grant Training with Karen Hart (11/5)
 - ◆ Free Food Distribution - My Neighbors Cupboard (11/7)
 - ◆ School Safety Training (11/7)
 - ◆ School Board Monthly Meeting (11/9)
 - ◆ Title IX Investigator Training (11/9)
 - ◆ Veteran's Day (11/11)
 - ◆ SCBOCES Board Meeting in Pueblo (11/11)
 - ◆ School Mental Health Community of Practice (11/12)
 - ◆ PCC Fremont Advisory Committee Meeting (11/12)
 - ◆ Home MS/HS Football vs. LaVeta (11/14)
 - ◆ Fremont County CEPA Operational Brief (11/16)
 - ◆ Lion's Club Meeting @ 6 pm (11/16)
 - ◆ Conversation with the Superintendent @ 6 pm (11/17)
 - ◆ Staff Professional Development Day (11/20)
 - ◆ HS Football 1st Round Playoffs (11/21)
 - ◆ Educational Grant Opportunities (11/23)
 - ◆ Thanksgiving Break - NO SCHOOL (11/25 & 11/26)

I must continue to stress that this year will be an evolution and with it, our 'one day at a time' approach. It will be marked by change and unfortunately, a higher stress level. However I am proud of everyone; our families, our students, our staff and our community for always pulling together in the best interest of our kids. They will always remain our priority. Please feel free to contact if you have a need we can either assist with or provide resources too. We are in this together!

Again, I believe it is important to take a few moments to say a word of Thanks for everyone's patience, flexibility and continued support, dedication and commitment to Cotopaxi. It makes all the difference! As board members you are a vital link and measure of our success and positive change. If you have any questions, comments or feedback, please do not hesitate to let me know. It is always appreciated.

Thank you,
Danielle Van Esselstine, Superintendent

COTOPAXI PRINCIPAL REPORT

Operational Report to the Board of Education

November 9, 2020

Active Enrollment (11/3)-

Total Elementary- 93

Total MS- 40

Total HS- 57

Total Enrollment- 190

Trainings

Some of our teachers attended the 95% Group Intervention Curriculum training on October 16 from 8:30 to 3:30.

On October 21 & 22, an Online Training was done with the staff and students to further prepare them in the event that the school has to quarantine a cohort or cohorts. Each teacher prepared a 30 minute online lesson and presented it in class to their students. The intent of the training was to simulate as closely as possible an actual online lesson. To accomplish this, the teachers had their students face opposite of where the teacher was presenting in the room and they were required to wear headphones or earbuds during the lesson. The teacher pushed out instructions and videos to their students and engaged in online discussions with them. The teacher also pushed out an assignment for the students to complete and push back to the teacher. Technical assistance was provided to the teachers and students by Mike Brown and Tom Lang during each online training session.

We had an Early Literacy Grant training on Thursday, November 5 with Karen Hart. Our next training will be on December 3.

Items of interest to the Board

The PSAT test was given to all the 11th graders on October 14.

End of the 1st nine weeks was on October 15.

Flu clinic was held on October 15 in the afternoon.

On October 27, the SAT Make-up test was given to the Seniors.

Students are doing a better job of wearing masks on the buses as reported by Nurse Debbie.

Fire drill- October 29. The drill went very well. The students were able to clear the building in two minutes.

Parent Teacher Conference numbers were lower than I had hoped. The teachers and I will be brainstorming ways to improve attendance.

Snow Day on 10/26 Debrief- The attendance average for all the classes was 60%. A few of the teachers comments about the day were-

- Some of the students contacted the teacher and attended briefly while others stayed longer for more assistance.
- When Google Meets invites were sent to the students as opposed to not sending anything, the attendance was better.
- The teacher lost internet access during class and the students stayed on while she re-established the connection and then class continued. Texts were sent to a couple of the students who were not in attendance and they quickly got on.
- Several students who weren't in attendance, emailed the teacher to let them know they wouldn't be there.

On October 29, the elementary students had Halloween Parties in their rooms. No parents were allowed to attend. The students dressed up in simple costumes and they went on a parade on the campus. There were a few glitches with the parade but all in all it went fine.

I have been in contact with Keaton Lash, a sales representative from Verkada, a building security company. They have sent us two trial cameras to use for a period of time. They have been installed and we are trying them out. We are also looking into the possibility of obtaining a grant to pay for the camera system.

Discipline Report (GoEdustar)

There was one secondary student who was assigned in-school suspension in the month of October.

Upcoming Events

Saturday 11/7 - Food Distribution @ Howard Volunteer Fire Department @ 10am. The Lions Club has been taking the lead with volunteering and recruiting volunteers for these events. The time for the food distribution is scheduled to start at 10:00 AM and finish at 2:00 PM. Similar to previous activities, there is a need for some additional help for setup around 7:00 AM; the truck usually arrives at this time. If you are able to attend and volunteer, please give Steve McNew a call or text at (719) 429-5579.

All the Juniors will be taking the ASVAB test on November 17 courtat 8:00 in the HS gym.

We have a Professional Development Day coming up on Friday, November 20.

Progress reports due on November 18 at the end of the day.

Thanksgiving Break- November 25-29

COTOPAXI FOOD SERVICE DEPARTMENT

Operations Report to the Board of Education

November 9, 2020

The Cotopaxi Food Service Department is excited to share our day with our amazing students and staff while providing them with nutritional food and beverages. Our goal is to provide friendly service that kicks off the day positively for our students and provide valuable nourishment so they can effectively function in the learning environment.

| Monthly Financial: | | | |
|----------------------|-----------|---|------------|
| Receivables | | Payables | |
| Receipts-lunch sales | \$1137.76 | Shamrock (food, milk, supplies) COVID- 19 | \$9095.47 |
| | | COVID Supplies | |
| Total | \$1137.76 | Total | \$9,095.47 |

Past and Ongoing Projects:

Tasks: Monthly menus, ordering, inventory, claim documentation to just name a few along with daily meal prep and service. It is busy in our kitchen!

*Meals served for August/September

Student Breakfast: 2,442

Student Lunch: 2,024

Adult Breakfast: 268

Adult Lunch: 248

Training: We are fortunate enough to be able to have 2 COVID helpers helping us in the kitchen! They have been a great help.

Safety

Accidents: 0

Injury: 0

Items of Interest to the Board: ServSafe Certified - This is a requirement every 5 years; completed last year so therefore we are good for the next four years.

We really appreciate the flexibility of the staff members who have jumped in and have helped us in time of need!

COTOPAXI TRANSPORTATION DEPARTMENT

Operations Report to the Board of Education

March 9, 2020

Description: (Example)

The Cotopaxi transportation department continues to strive for consistent, effective and safe transportation of all district students. Provided below is an update on the departments accomplishments and monthly progress towards this goal. All of this demonstrates....

| Monthly Financial: | | | | | |
|--------------------|---------|-------------|----------|----------|-----------|
| Receivables | | | Payables | | |
| | Account | \$ 2,000.00 | | Tires | \$ 400.00 |
| | | | | Parts | \$ |
| | | | | Services | |
| | | | | | |
| | Total | \$ | | Total | \$ |

Past and Ongoing Projects:

Our new Bus driver has completed district requirements to drive routes and trips.

At this time we do not have any sub drivers.

One of our old bus drivers would like to meet with the board about driving as a sub.

There is a national shortage of bus drivers and school districts are no exception all districts are experiencing a driver shortage.

Winter is upon us. We have switched to winter fuel and have tried to prepare for cold weather.

30 day Mileage Report:
